KENTUCKY CROP REPORT.

Condition of Crops and Live Stock August 1st, 1899.

Replies were received this month from 150 correspondents, representing 104 counties.

WHEAT.

Threshing has progressed with very little interruption during July. Replies to question "Has yield from thresher equalled expectations?" resulted in 17 answers "yes" and 118 answers "no." Replies to question "Quality good, average or bad?" give 57 answers "good," 45 answers "average" and 26 answers "bad." Reports of bad quality comes mainly from counties containing much river bottom land, where the crop suffered injury from rust.

The question "Are farmers marketing wheat freely as threshed?" elicited 43 answers in the affirmative and 92 in the negative. To the same question on this date of 1898, 18 answered "yes" and 124 "no."

The average price of No. 2 wheat is 65½ cents per bushel. The average price on this date for past three years was, 1898, 68c.; 1897, 60c.; 1896, 46c.

CORN.

The drouth during July has disastrously affected the corn crop. The dry period varied considerably in duration, some counties receiving beneficial showers on July 20th and 21st, while in others relieving rains did not fall until 30th and 31st. In these counties the injury to early corn is probably irreparable. Late corn is wonderfully improved since rain, and with a continuation of reasonable weather will make a fair crop. The condition for the State August 1st, as compared with average years, is 73, a loss of 10 points since July 1st. The average condition August 1st, 1898, was 97, and on same date of 1897 it was 93. By sections the conditions average, for western section, 77; central, 65, and southeastern, 76.

TOBACCO.

Tobacco, like corn, has been seriously affected by drouth. The late replant has made no growth, and the stand is very poor and uneven. The hot weather and absence of moisture has caused the plant to grow "spindling," which will materially interfere with quality. However, a number of counties report the crop wonderfully revived by recent rains, and a continuation of reasonable weather may do much to improve what at present is a decidedly poor prospect. Danger from frost may be apprehended for that portion of crop just beginning to grow. Worms do not appear to be troublesome as yet. The average condition August 1st is 69, a falling off of 10 points since July 1st. The condition August 1st for past three years was, 1898, 83; 1897, 61, and 1896, 87. The three sections of the State show following conditions as of this date: Western, 73; central and southeastern, 67.

HEMP.

The hemp growing district was the center of the drouth area, consequently the effect on hemp is more marked than on any other crop. The condition August 1st averages 55, whereas on July 1st it was 53. The condition August 1st for past three years was, for 1898, 84; 1897, 79, and 1896, 95.

MEADOWS, PASTURES AND LIVE STOCK.

Yield from timothy meadows, compared with average years, is 82. The quality is much below the average. Pastures were badly dried up during the drouth, and even yet in some counties are but little improved. The condition August 1st is 84. On July 1st the condition was 98.

Live stock is in good condition notwithstanding the dry weather. No epidemics are reported other than hog cholera in a few counties. The average condition is 94, which is quite satisfactory under the adverse condition prevailing.

Apples promise a small crop of inferior quality.

Where sufficient rain has fallen plowing for wheat is being rapidly pushed, and the outlook is for a large acreage.

An Honest Woman.

In New Albany lives a woman who is one of the most honest women known. She called at the Monon ticket office at Vincennes and said that five years before the conductor failed to collect her fare from to New Albany and she now desired to pay it. The agent wouldn't take it but made out a new ticket between those points. She paid \$6 10 for it and tore it to pieces.

An effort is being made to get Bryan to make two speeches in the mountains of Kentucky during the campaign.

Governor Bradley has refused to remit the fine against the Frankfort coal dealers fined under indictment for conspiracy to fix prices.

Green Griffin, one of the Clay county fiddlers, was tried at Manchester, Clay county for the murder of Ed Fisher and was acquitted.

Eight Mormon churches have been destroyed by mobs in this state within a year and an appeal is to be made to Governor Bradley for protection.

The excursion steamer Iowa sank at Uniontown one evening last week with 500 colored excursionists on board, all of whom were safely landed by the use of barges.

Vaughn's Mill.

The hard storm Sunday evening did considerable damage to corn crops.

John Burton is suffering with a sore leg which we are very sorry to report.

Morgan McKinney bought John Hiley's crop and Mr. Hiley will move to Montgomery county.

The box supper at the Old M. E. Church on Hardwick's creek Saturday night was quite a success.

Mr. and Mrs. J. W. McKinney, of Union Hall, visited Mrs. McKinney's mother, Mrs. Edith Mize, Saturday and Sunday.

Miss Ella Forman and Mr. Tom Perkins, both of Mt. Sterling, were married at the home of L. J. Lyle Sunday evening.

Messrs Merida Moore and Clyde Jones, of Jessamine county, visited the home of Mrs. Edith Mize Saturday night and Sunday.

Mr. and Mrs. James Curry, of Richmond, are visiting Mrs. Curry's parents, Mr. and Mrs. Allen Burton.

Miss Betsy Jackson has been employed as assistant teacher at Elkin, Clark county, and left for that place Monday.

Nathan B. Jackson, of Winchester, attended the box supper Saturday evening at the M. E. Church on Hardwick's creek.

Mr. Wm. Swope and "Uncle" Jimmie Bivion, of Clark county, has returned home after about a months visit to friends and relatives at Vaughn's Mill.

Iron Mound.

Born, to the wife of C. P. McIntosh a 5½ pound boy.

T. E. Tipton sold to James Pryor last Saturday one mule, price paid not learned.

The boys of this place are whiling away the wearisome hours pitching horse shoes and playing knucks.

The pedagogues of this county have been absent from their various districts attending the institute but returned Monday to their duties.

Born, to the wife of Gardner Nelson a bouncing boy. Mother and child doing well. Gardner is all smiles and seems to be tied to the bed post.

Robert Henderson, formerly an Estillite, but recently a citizen of Fayette county, has moved to his home and will engage in farming and milling in the future.

Prof. R. M. Shipp, of Winchester, conducted the teachers' institute last week, and, being as well qualified and efficient in the work as he is, he created quite an interest in the work. I do not think there was a single teacher in attendance but what left realizing the fact that they had been benefited.

The champion marble player of Iron Mound has been to Winchester and procured for himself a law and is now ready to play any one that comes along for

candy, although he has penetrated about three miles into the blue grass regions, north, south, west and returned with the picture of defeat written in large letters on his countenance.

Rev. Wm. Rupard preached a very impressive sermon at Liberty Sunday. His text was: "I will not shun to declare unto you all of the counsel of God." He laid great stress on the duty of parents and brethren in counseling their own and each others children. Those who heard and hearken will, beyond a doubt, be benefited, and if we all would follow his advice what a change would take place in our country from a moral standpoint. I. M. D.

A FARM JOURNAL Great Offer

By special arrangement with the publishers of the FARM JOURNAL we are enabled to offer that paper to every subscriber who pays for the TIMES one year ahead, for only 50c both papers for the price of ours only; our paper one year and the Farm Journal from now to December, 1903, nearly 5 years. The Farm Journal is an old established paper, enjoying great popularity, one of the best and most useful farm paper published.

This offer should be accepted without delay.

Clay City.

The Climax Stave and Tie Company have started up their mill again.

Dr. J. W. Williams is able to be out looking after his extensive business again.

Rev. S. M. Carrier and little daughter, Hattie May, have been unwell for several days.

Several of the citizens of this place and Hardwick's Creek attended court at Stanton Monday.

The storm Sunday evening was very severe, doing great damage to the growing crops in many places.

Rev. N. McIntosh, a member of the Christian Church and a resident of Booneville, was in town last Monday on business.

It gives us great satisfaction to learn that the TIMES is growing in popularity from week to week. Many of our citizens are asking why it is not moved to Clay City. They might get up a petition stating how anxious they are for it to be moved here.

Married, August 10th, at the residence of Joe Williams, Mr. H. W. Bailey, of Bourbon county, to Miss Nora Williams, Rev.

S. M. Carrier officiating. The happy couple started at once for their future home in Bourbon county.

Messrs John Braddy, the city butcher, James Tipton and Joe Russell attended the Lexington Midway Horse Show, Fair and Carnival. They report a jolly good time, and that the company actually showed what they pictured.

Rev. S. M. Carrier, of this place, has accepted a place in the editorial staff of the Kentucky Christian Advocate, a religious paper, published at Williamstown. This is a new adventure for him, and it is to be hoped it will prove a successful one.

We hear that a petition is being circulated throughout the different precincts of this county, asking the County Judge to open the poles at the different voting places in the county some time in the month of December and let the people vote on the question of local option. The question being, "Shall whiskey be sold or shall it not be sold in Powell county." We also hear that the people are readily and briskly signing up the petition and hope in a few days to have the required number of petitioners.

I am often asked if I believe the growth and prosperity of Clay City is permanent. I will answer, the continuity of your town depends on the enterprise and the industry of our citizens; it depends upon the judicious investment of capital; it depends upon an available market and something to sell. We have already located here the Clay City Lumber and Stave Company and the Climax Stave and Tie Company, a National Bank, besides a number of Mercantile Companies. All seem to be doing a more or less thriving business, as there is quite a demand for their merchandise. The farmer and the gardener, it seems, has not got an adequate market for their stock and produce. They have to raise their crop and stock and take the chances of being able to dispose of it, and then take a price set by some one else. During the past summer I made an extensive trip through Garrard and Lincoln counties, in Lincoln county, in particular, I saw fields of tomatoes, beans, sweet potatoes, pumpkins, etc., growing. Last winter these farmers went to the King's-mountain Canning Company and to the McKinney Canning Company and contracted to raise so many acres of tomatoes or beans as the case might be. They were to be paid so much per bushel for what they could raise on the stated amount of land. They knew before the seed were sown or the ground plowed what they were to get for the crop. I have noticed since I have been living in Clay City, that a large amount of goods from the above named factories are sold right here in Clay City,

when our farmers ought to be producing such things, and our people manufacturing them and sending them to the markets of the world. With an eight or ten thousand dollar canning plant located here it would give value to hundreds of bushels of blackberries, tomatoes and other fruits; it would cause their hills about here to become set with fruit trees; it would give employment to young men and boys who want to work. It would raise us from a class of mere consumers to a class of producers. I have written this to show you what mines of wealth are lying at your very door undeveloped. I believe the continual prosperity of Clay City depends upon the development of your hitherto latent resources. Who is bold enough to invest his money in it? Only those who have the money can invest in it. With some of us it is like the story of John Smith and his son. The son said: "father I have thought out a very great speculation that will make us very rich, we will buy up all the mules in the world then we will raise the price." The father said: "No doubt there is millions in it, but where will we get the money to pay for the mules in the first place?" We certainly have a fine country and soil for the purpose, much better than the county I have named.

About one month ago my child,
which is fifteen months old, had
an attack of diarrhoea accompa-
nied by vomiting. I gave it such
remedies as are usually given in
such cases, but as nothing gave
relief, we sent for a physician
and it was under his care for a
week. At this time the child
has been sick for about ten days
and was having about twenty-
five operations of the bowels ev-
ery twelve hours, and we were
convinced that unless it soon ob-
tained relief it would not live.
Chamberlain's Colic, Cholera and
Diarrhoea Remedy was recom-
mended, and I decided to try it.
I soon noticed a change for the
better; by its continued use a
complete cure was brought about
and it is now perfectly healthy.

Big and Fat.

Letcher Cartmell and wife are the parents of two daughters aged six and two years old. The elder weighs 132 pounds and younger 88 pounds. The former at birth weighed 4½ pounds and the younger 7 pounds. Their growth was very slow until six months old when they grew and fattened rapidly. The father's weight is 140 pounds and the mother's weight is 112 pounds aggregate 252 as against the

By using the **Rosemont Radiators** Makes One Stove do the work of three

Manufactured by Floyd, Wells & Co., Royersford, Pa.

Can be connected to any kind of stove. Saves time, fuel and money. By the use of a damper you can turn the heat on or off as desired. Their heating power is wonderful. Easily cleaned. The great amount of heat usually passing out of the chimney is arrested and made to do service in place of another stove. ROSEMONT RADIATORS are neat and attractive. Prices reasonable. Send for circulars, prices, etc. Liberal discount to the trade.

weight of the two children 220 pounds.—Mt. Sterling Advocate.

The Boys and Cigarettes.

From a sprightly little paper written specially for the young, the following extracts are taken: "Occasionally there is a bright, merry fellow who doesn't know any better than to contract the cigarette habit but he does not retain his brightness or manliness very long. Very soon his shoulders begin to stoop, his eyes cease to sparkle, his walk becomes a slouch, his cheeks grow hollow and his complexion takes on that muddy hue that marks deadened nerves and poisoned blood. How anybody can pollute himself with these vile poisoned sticks, after having looked upon their victims, we never could see. Tobacco in any form is not a thing to be recommended to one who wants to make a first class man of himself, although many good men indulge in it in a respectable way, but the filthy, drug-soaked cigarette! Heaven help the young man who once gets into its clutches."

Carpet dealers have been notified that after the middle of this month wholesale prices on all goods of both home and foreign make would be advanced from 10 to 15 per cent. This is the effect of the carpet trust. This is the third advance since the first of April.

A rural editor says chickens are worth two cents a piece in his town—but he doesn't say how large the pieces are.

ARE YOU A DEMOCRAT?

An old adage reads: "There is a place for everything," and for everything to be in its place, the LOUISVILLE DISPATCH should find a place in the home of every DEMOCRAT in the SUNNY SOUTH. The Dispatch is the people's paper, owned by the people, and is always ready to fight for the cause of the people. IT STANDS SQUARELY ON THE CHICAGO PLATFORM, without the aid or consent of the Gold Bug Monopolies, and a fair comparison of its news service (now being furnished over leased wires by the New York Sun, the Chicago Inter Ocean and the Northern Press Association) with that of any other paper, will fully verify its motto, "If you see it in the Dispatch it's so, and if it's so it is always in the Dispatch."

The Dispatch also has a staff of over 300 active correspondents in the South, and will POSITIVELY GUARANTEE MORE THAN DOUBLE THE SOUTHERN NEWS of any other Louisville paper. Get the Dispatch; it gives the news and tells the truth about it.

Daily, 8 pages; Sunday, 24 pages; Weekly, 8 pages. We club with the Weekly Dispatch at the remarkably low price of 75 Cents.
